

SHOWER TRAILERS

KEEP YOUR TEAM CLEAN & COMFORTABLE

Showers for Every Scenario

Event Restroom shower trailers are a clean, turn-key solution for all types of events where a portable shower is needed, including: camps, fairs, television and film productions, disaster response situations, military training exercises, and sporting events.

These portable showers can operate freestanding or connected to water and electrical supply. In freestanding situations, Event Restroom fills potable water tanks and pumps gray water on site.

We rent shower trailers as large as 53 feet and smaller trailers containing two or three shower stalls. All units feature tank-less hot water heaters, heat and air conditioning, private dressing areas, sink cabinets, and mirrors.

Event Restroom has one of the largest inventories of portable shower trailers in the United States. Our rental yards located in the Gulf South Region service local and nationwide customers. In addition, shower trailers are staged for immediate deployment after a hurricane or major disaster. Mobile showers are delivered within 24 hours of any major event.
